

Environmental Policy

Colchester Communications Co Ltd acknowledges the importance of supplying specialist fibre optic cable services of a consistent and high standard within an environmentally sound framework.

It is Colchester Communications Ltd policy to put its environmental statement into practice by observing all relevant legislation, regulations and Government guidelines.

- To ensure that all of our employees know and understand our policy and what they are expected to do to comply with it and its satisfactory execution. Furthermore to make sure that all our suppliers and sub-contractors are aware of this policy.
- To seek to reduce the wastage of construction materials and to recycle products wherever possible and to make the most efficient use of natural resources by keeping waste to a minimum and conserving energy and water.
- To keep our sites clean and tidy to ensure minimum disturbance and disruption to our clients, their neighbours and surroundings.
- Furthermore to strive to use the most environmentally efficient transport to meet our needs.

We will strive to

- Minimise waste, and consumption of resources (materials, fuel, water and energy) and ensure that unavoidable waste is, where possible, recycled or disposed of responsibly.
- Foster a sense of responsibility for the environment amongst employees by the provision of information and training.
- Assess, monitor and where possible reduce the impact of our activities on the local and general environment.
- Take account of the environmental impact of all raw materials, packaging and processes and wherever possible take steps to minimize this through strategic evaluation and planning.
- Maintain and monitor environmental objectives and targets; identify deviations from the stated policy and implement appropriate corrective action.
- Maintain effective systems to prevent pollution.
- Advise customers and other interested parties where appropriate on the best environmental practices associated with the delivery of our services.
- Ensure that all members of staff and our suppliers act in accordance with this policy and our Environmental Management System.
- Strive to continually improve our environmental performance and prevent pollution.
- Comply with all relevant Environmental Legislation and ISO 14001:2004
